

"From my first phone call to final delivery, this was a perfect experience! Our community was blown away by the professional look of our newsletter. We loved the eddm services more than you could know. As a busy pastor of a growing church, I actually felt like I had a confident, capable partner with your company - and y'all delivered above my expectations. Thank you!"
Geoffrey B. - Virginia

"The letterhead and envelopes look great and came quickly. Thank you. We love our local printer, but as a small nonprofit association, we need to conserve money. DocuCopies gives us a nice product at a reasonable price, delivered and fast, with friendly and helpful customer service when we need it. (We didn't need customer service for this order.)"
Elaine S. - Massachusetts

See Why Nonprofits Love Printing With Us

"Finding DocuCopies.com has been a great work and stress reliever. I lead workshops often. Before, I had printed small books on my laser printer. I sat by my printer for hours reading while page after page printed. Now, I upload a PDF and in a few days the beautiful workshop books are delivered to my door or to the destination of my workshop."
Jerrie B. - Missouri

"Ordered a 3 foot x 5 foot poster of a six month activity calendar for the youth ministry program at our church. Sent a PDF of the calendar and in 24 hours the printed poster was on its way to us! It is beautiful - wonderful photo quality paper with a beautiful shine! Couldn't be happier! Price was great too!"
Nancy W. - Indiana
